During the annual election meeting in May, the association was left with two vacancies in The Board of 2019/2020. This led to the annual election meeting delegating newly elected The Board the task to by-elect the following positions: one (1) Head of Activity and Board Member, and one (1) Head of Public Relations (PR) and Board Member.

The application process took place during the summer, and the Election Committee received six (6) applications for both positions. Once the application period was closed and interviews were held, The Election Committee provided The Board with all the candidates Curriculum Vitae (CV) and personal letters, as well as a nomination for each position. This was later followed by an opportunity for The Board to ask the Election Committee questions about the candidates.

The Election Committees nominated candidates:
